## Economic Development Update

Scheels will bring 220,000 square feet of additional retail space to Sandy.

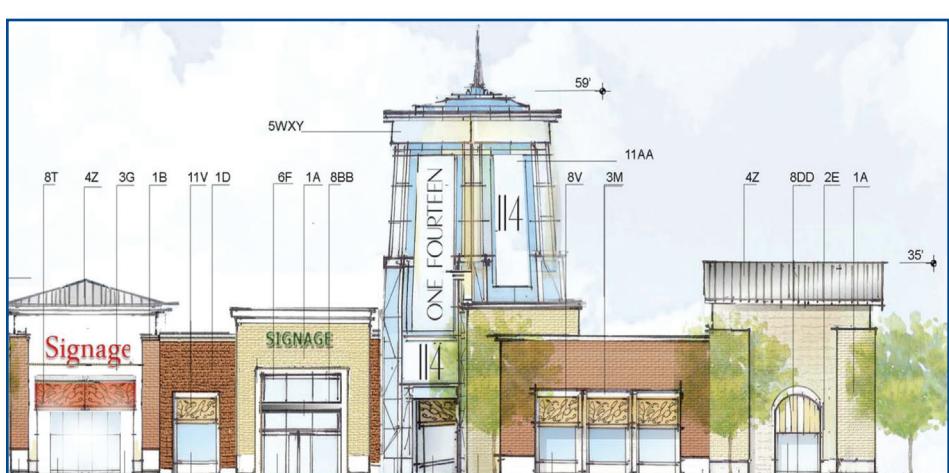

Longhorn Steakhouse is being built near the 11400 South and I-15 interchange.

While the current economic climate may still be uncertain, continued economic growth in Sandy is creating plenty of optimism and excitement for city leaders. Recognizing that a strong business community and an ever growing economy are important for the community overall, Sandy City continues to maintain a vision for the future. As a result, much is happening that will continue to establish a firm economic base capable of sustaining Sandy for years to come.

pleted physical improvements to both the interior and exterior of the mall, including major landscape and paving upgrades. The mall is also looking at the potential to complete an exterior renovation, which may include a new entrance on the west side of the mall. In addition, they have recently added new tenants such as *Buy Buy Baby*, *Moda Bella* and *Madeline's Steakhouse*.

### Restaurants

New restaurants have recently opened their doors in Sandy. Some of these include *Wasatch Broiler and Grill*, located at 7663 South Union Park Avenue in the Union Heights Commercial Center; *Los Cucos Mexican Grill*, located at 10585 South State and the *Cantina Southwestern Grill* located at Jordan Commons. Future restaurants such as *Longhorn Steakhouse* and *Buffalo Wild Wings* will be built at 11400 South and State Street. *Café Zupas* at Quarry Bend will also be coming to Sandy soon.

The One Fourteen retail center will include shops and restaurants near Scheels.

Challenger Schools are building their headquarters in Sandy, just west of I-15.

Buffalo Wild Wings is one of the restaurants being built near 11400 South and State Street.

### Offices

Challenger School Corporate Office is a new two-story, 17,000-square-foot office building that will become the new headquarters for *Challenger School*. The project is currently under construction at 9424 South 300 West.

The Workers Compensation Fund Office Building is now fully leased with the addition of *WJ Bradley Mortgage Capital Corporation*. This company provides an additional 240 jobs to the local economy.

### Retail & Entertainment

One Fourteen is a retail development located at approximately 11400 South State Street and is the new home to SCHEELS, a 220,000-square-foot retail destination store. This development will also include approximately 35,000 square feet of additional retail space.

Jordan Commons Construction is underway for two new theaters at the former site of the *Mayan Adventure* restaurant, bringing a total of 20 theaters to the Megaplex theaters at Jordan Commons, including a VIP auditorium and luxury lounge that opened in March 2012.

*Deseret Industries* thrift store will be located at 825 East 9400 South on the former *Fred Meyer* site. This store will be approximately 58,000 square feet and will include a social services and employment center.

HEART OF THE WASATCH

## Sandy City Fire and Police departments increase the amount of AEDs in the community

Many of Sandy City Fire Department's non-emergency vehicles, as well as Sandy Police vehicles, now carry an automatic external defibrillator (AED). Non-emergency units consist of administration, logistics and fire inspectors – all of whom have been trained in cardio-pulmonary resuscitation (CPR).

Since police units constantly patrol Sandy neighborhoods, Sandy City Police officers commonly arrive at the scene of cardiac arrest emergencies before the

paramedics. Sandy City Fire Life Safety Division has trained all Sandy Police officers to not only perform CPR, but also to use an AED. The usage of an AED in pre-hospital care drastically improves the chances of surviving for a sudden cardiac arrest patient.

A recent University of Utah article claimed, "[a]n estimated 250,000 to 450,000 Americans suffer cardiac arrest each year. Ninety-five percent die, often before receiving advanced medical attention." Cardiac arrest may be reversed if CPR is performed, or a defibrillator is used to shock the heart and restore a normal

heart rhythm within a few minutes.

In 2011, Sandy City Fire paramedics and Sandy Police responded to a reported cardiac arrest at least once every three days. That number has prompted administrators from both fire and police departments to have nearly 120 police and 80 fire department members trained in the usage of AEDs and CPR.

Sandy City Police will be adding an additional 18 AEDs to the community, in addition to the AEDs and cardiac monitors that Sandy City Fire units carry. Not only are Sandy City Fire Department paramedics and firefighters trained in CPR, but

they are also trained in advanced cardiac life support, which trains them with more procedures to try and save someone suffering from cardiac arrest.

Since time is so critical during cardiac arrest, both police and fire rescuers rely on quality CPR from bystanders. Citizens are encouraged to get CPR trained and can sign up for classes through local fire departments or the American Heart Association. Seconds count, and a trained resident could be the difference between a successful or poor outcome when attempting to save a loved one in cardiac arrest.

## Connect with Sandy through Social Channels

Sandy has recently created accounts through Facebook and Twitter to help bring information to Sandy residents. The city conducted a communications survey last October to obtain information from residents on how they would prefer to receive information from the city. The results showed social media channels like Facebook and Twitter to be positively received by residents.

Sandy has been very active in relaying information through Twitter for several years, gaining over 1,300 followers. Twitter is very useful when getting information out quickly to a wide audience including the media who regularly follow local government agencies. Twitter has

gained popularity quickly in the emergency response field when an incident occurs such as a fire, flood or other accidents when agencies or organizations need to get information quickly to those affected and to the media to help disseminate information.

Facebook has recently gained popularity with government agencies as another method of communication. By going online and *liking* us, residents can directly receive the latest news on community events, special announcements and other opportunities.

## School Traffic Congestion

THERE IS TOO MUCH TRAFFIC FOR BILLY TO WALK TO SCHOOL; SO WE DRIVE HIM.

Courtesy of Ian Lockwood

### Traffic Inducing Traffic

School has begun and traffic congestion is one of the greatest hazards most children face as they go to and from home. The local school principals and the city traffic engineer have worked closely to establish safe walking routes for your children. A map is available at your school that shows the safe routes in your neighborhood. Taking the time to walk with them helps to reduce congestion and is good for you, your child and the environment. Everyone wins! For more information, contact your school or the traffic engineer at 801-568-2999.

## Sandy Ranks #51 in Money Magazine

For the third time, Sandy has been ranked in Money Magazine's list of "America's Best Places to Live." The study viewed data from cities across the country with populations between 50,000 and 300,000. "[Money] identified locations with economic strength, quality health care, low crime, great schools and lots to do." The City of Sandy continues to be recognized as one of the greatest cities in America.

From money.com: "This Salt Lake City suburb, which sits under the towering Wasatch Mountains, has dubbed itself "the ultimate base camp." Easy to see why: It offers quick access to four world-class ski resorts, the 20,000-seat Rio Tinto Stadium, several shopping centers and the Sandy Amphitheater. While many residents still commute to Salt Lake City for work, Sandy continues to attract businesses with its warm sense of welcome. Becton Dickinson Medical, E\*Trade, and Comcast

have all found a home here. Although houses aren't outrageously priced, they are more expensive than in many other areas of the state."

It's easy to see why Sandy is consistently considered one of the greatest cities in America.

## Sandy City Volunteer Opportunities

The elected officials of Sandy City rely heavily on volunteer citizen committees who assist the mayor and city council in a variety of interests and needs. The current committees include:

Beautification Committee  
Community Development Block Grant (C.D.B.G.) Committee  
Historic Committee  
Parks, Recreation & Trails Committee  
Public Safety Committee  
Public Utilities Advisory Board  
Transportation Committee

The volunteer members of these committees have made significant contributions to the community. Sandy Pride Day, held every May, has received thousands of hours from volunteers who helped with cleaning and improving Sandy. This outpouring of volunteers has saved Sandy City residents hundreds of thousands of dollars. The Transportation Committee has worked hard toward improving roads and other transportation projects. The Public Safety Committee has assisted in formulating ordinances and programs to improve police response and service. The Beautification Committee has designed primary city entrances/gateways into Sandy. They have also overseen beautification projects on city-owned properties and streets. It is the work of volunteers that make Sandy what it is today.

If you are interested in volunteering for Sandy City, or if you know anyone personally with a strong interest or expertise in any of these areas, please contact the Council Office at **801-568-7141**. You will be invited to complete a brief application describing your interests and background. If you'd rather, you may fax the same information to **801-568-6053**.

We look forward to working together with you—making Sandy an even better community.

## Flu Shots Available

Healthy Sandy and the Sandy City Fire Department will once again offer flu shots to Sandy residents between the ages of 18 and 65. The shots are effective in fighting the seasonal flu as well as the H1N1 strain of the flu virus. Flu shots will be offered at Fire Station 31, located at 9010 South 150 East, Monday-Friday from 8 a.m. until 5 p.m. during the month of October while quantities last. To help pay for the cost of the shots, a \$5 donation is requested.

It is recommended that those under 18 years old get a flu shot from their pediatrician or family doctor. For those over the age of 65, flu shots are available at the Senior Expo at the South Towne Expo Center on Thursday, October 4 from 9 a.m. to 6 p.m. or Friday, October 5 from 9 a.m. to 4 p.m.

## Councilman Bryant Anderson Announces His Retirement

For more than 27 years, Bryant Anderson has served on the Sandy City Council. He recently announced his retirement. Bryant and his wife, Sharren, plan to serve a mission for the Church of Jesus Christ of Latter-day Saints in the San Bernardino area later this fall. Bryant said leaving during his term was not what he had planned, but it was time to serve in another capacity.

"It's very hard to leave during my term, but there are some good people in Sandy who will be able to step up and fill that void," he said. "I'm confident that Sandy will continue to prosper."

Bryant helped form the Alta Canyon Recreation District which built the first major parks in Sandy. He also supported development of the South Towne Center and the Sandy Auto Mall.

When Bryant came onto the council, Sandy City had some of the highest property taxes in the state.

Bryant has been a strong supporter of the arts, including Mountain West Ballet and the American West Symphony and Chorus. He said helping bring the Living Planet Aquarium to Sandy and helping secure the bond to build the Sandy Amphitheater are some of his proudest undertakings.

Before Bryant was elected to the council, he served two terms on the Alta Canyon Recreation District Board (1980-1987). One of his greatest accomplishments was being a staunch advocate for the city in building, with Salt Lake County, the Sandy Library on 1300 East and 9800 South. Bryant also served as council chairman on a number of occasions.

He served as a county and state delegate a number of times, as well as a soccer coach and a Scout leader. He will be sorely missed by his community, city staff, and fellow elected officials.

Due to the resignation of Council Member Bryant Anderson, a pending vacancy will exist on the City Council effective October 10, 2012. Those interested in submitting their name for consideration to fill this vacancy on the City Council must meet the following qualifications:

- Be a qualified voter of the City of Sandy.
- Be a resident of the City for the previous 12 calendar months, or be a resident of a territory which has been annexed into Sandy for the previous 12 calendar months.
- Reside in Council District three [3].

Qualified individuals must submit a written letter of application certifying compliance with the above qualifying criteria with an accompanying vita or resume to: Philip Glenn, Director City Council Office, Suite 231, Sandy City Hall, 10000 South Centennial Parkway, Sandy, Utah 84070, not later than Thursday, October 11 at 5 p.m.

The Council will consider the applications, perform interviews and fill the vacancy on Tuesday, October 16, 2012.

### PARKS DIVISION

The Parks Division begins winter closures on Monday, Oct. 15, 2012. This includes all irrigation systems, outdoor pavilions, restrooms and drinking fountains. If you have any questions or concerns, please contact us at 801-568-2900.

### Fall Lawn Preparation

Fall is the most beneficial time to fertilize your lawn. The declining temperatures reduce top growth and soil temperatures between 58-65 degrees and are optimal for root growth. Fertilizing at this time will promote more stored energy, benefitting the grass as it enters dormancy until spring.

Another factor to consider is reducing watering. Avoid using the “set and forget” method of watering. Become familiar with your irrigation controllers and make the appropriate and frequent adjustments to limit overwatering and expensive water bills. Water usage should be reduced significantly in the fall. A good rule of thumb is to water deeply and infrequently to promote good root growth.

Early fall is also a great time to aerate your lawn. It is best to avoid aeration in the summer, as the turf is already stressed from the heat. When temperatures begin to decline, aeration provides a great opportunity to reduce compaction and to allow more oxygen into the soil. If the turf grass is thin or in need of repair, overseeding the lawn after aeration will help with seed germination.

**RIVER OAKS GOLF**  
9300 S. Riverside Dr. • Sandy, Utah • 801-568-4657  
[www.sandy.utah.gov/riveroaks](http://www.sandy.utah.gov/riveroaks)

### Before and After School Program (Grades 1st-6th)

We offer a safe, fun and exciting state licensed before and after school program. Activities include homework time, field trips, arts and crafts and games. We provide transportation to and from school for grades K-6! Registration is open, space is limited. More information and a list of the schools included are available on-line at [www.sandy.utah.gov/acsc](http://www.sandy.utah.gov/acsc). Kindergarteners must bring a cold sack lunch. Pre-registration is required.

Fees are per month, per child.

Registration Fee (Non-Refundable)	Monthly Fee Kindergarten	Monthly Fee Grades 1-6
Member \$50	\$425	\$255
Non-Member \$50	\$475	\$285

### Preschool

Our preschool is for potty-trained 3-5 year olds. Letters, numbers, music, art, reading, writing and physical education are just some of the subjects our preschool teaches. Classes began Wednesday, Sept. 5, 2012. All fees are per month, per child.

Non-Refundable Registration Fee: \$25

	Cost/Month	Days	Times
Member	\$110	M,W,F	12-2:30 p.m.
Non-Member	\$130	M,W,F	12-2:30 p.m.

**Note:** Before & after school care and preschool follows the Canyons School District traditional school calendar.

### Fitness Classes

Our fall line-up includes: Zumba, Yoga, Pilates, Kickboxing, Spinning and so much more. We offer daily passes, punch cards and aerobic memberships. Special offers available for students, seniors and Alta Sports Center members.

Classes offered Monday-Saturday 6 a.m.-11 a.m. and Monday-Thursday 5 p.m.-8 p.m. For a full schedule, pricing and class description, please visit us on-line at [www.sandy.utah.gov/acsc](http://www.sandy.utah.gov/acsc)

### Member of the Month - Jill Richens

I have been going to Alta Canyon Sports Center for about 15 years. I started taking my kids to the pool every summer and entered a contest where I won an A+ pass. I decided to take advantage and started going to classes. I got hooked and have bought an A+ pass ever since. I love all the 6 a.m. classes: Power Pump, Spinning and Pilates. Because of the early morning classes, I get a really good workout with variety, and then I'm off to work.

I have made some great friends at Alta Canyon as well. People are so friendly in the classes and the staff is great. People I have met at the gym have become good friends, and we get together for lunches or dinner parties. If I miss coming to the gym for more than a few days, I always get a phone call from friends in the classes to make sure I am okay. I moved to South Jordan five years ago, but I still make the trip to Alta Canyon Sports Center because I love the people and the classes offered.

### River Oaks is offering its Anniversary Special

Oct. 1 through Oct. 31, 2012

River Oaks is offering its anniversary special!

18 holes with a cart Monday-Thursday (anytime) for just **\$25!**

18 holes with a cart Friday-Sunday (anytime) for just **\$30!**
